

The ARK in 2021: Life-changing impact

ONE CLIENT AT A TIME

Over the past year, The ARK's staff and volunteers supported over 4,000 clients, including 500 new clients who came to us during a time of growing community need.

The ARK provided \$1 million in financial assistance and fed 2,000 households. The ARK was there to provide dedicated and compassionate case management and to ensure that community members received free medical care and medication. The ARK was there to meet the needs of Jewish families, 1 in 5 who are struggling financially according to the recent 2020 Metropolitan Chicago Jewish Population Study.

Everything we do at The ARK is powered by our community. We are grateful for all who gave, volunteered, and helped us deliver life-changing services with empathy, dedication, and care.

With gratitude, and warm wishes for a healthy 2022,

MARNA GOLDWIN
CHIEF EXECUTIVE OFFICER

SEE HOW THE ARK
DELIVERED IN 2021.

“The ARK supported me, helped me learn how to budget and take care of my daughter like I never thought possible.” ARK CLIENT

60%

of ARK clients utilize food and pantry services, including personal care and household items not covered by government benefits.

Delivered

\$1 million

in financial assistance, primarily for housing.

Filled **10,000** free prescriptions, delivered free medical, dental and vision care, all fulfilling the community's greatest unmet need.*
